Eventleaf
Easy. Fast. Complete.

Jolly Technologies

Fast Registration

Register attendees in advance online or on-site kiosks. Accurately capture information by scanning attendees' driver's licenses or business cards.

Efficient Tracking

Limit attendees' access to venues with RFID or barcoded secure ID badges. Track attendance at breakout sessions, booths and venues with robust reporting.

Mobile Connectivity

Need multiple sites or mobile registration points? No problem. Eventleaf is compatible with any Windows platform PC or Tablet device.

ABOUT US

Jolly Technologies is recognized as a world leader in developing identification and tracking software applications.

Every day prestigious companies across all industries, in more than 120 countries, enjoy the advantages of our innovative, premier solutions.

Jolly is committed to enhancing our customers' productivity with best-in-class business process software solutions that are exceptionally powerful, customizable to your environment, and remarkably easy to use.

WHY EVENTLEAF?

Quick Set Up
Don't miss your deadline. Import existing attendee data or directly sync with Eventleaf online in real-time.

Integrated Badge Printing
Print highly personalizable paper or plastic badges with barcodes or RFIDs.

Automatic Access Control
Automatically identify and keep unauthorized attendees from accessing restricted sessions, creating a more professional atmosphere and added guest safety.

Complete Flexibility
You take control with a fully customizable user interface, database and business logic.
